FOR IMMEDIATE RELEASE

## Impact of Electric Rate Caps Expiration on Customer's Energy Plans

### GLOBALCON Energy, Power, & Facility Management Event 2011

Dates: March 30-31<sup>st</sup>, 2011

Location: PA Convention Center, Hall E, Philadelphia, PA

Website: <http://www.globalconevent.com>

Free Expo Pass: <http://www.aeeprograms.com/globalconexpo>

The Association of Energy Engineers (AEE) is pleased to announce the 22<sup>nd</sup> annual GLOBALCON Conference & Expo covering Energy, Power, Facility Management Strategies and Technologies will return to Philadelphia, PA, March 30-31<sup>st</sup> 2011.

Hosted by Philadelphia Gas Works (PGW) and presented by the Association of Energy Engineers (AEE), the 22<sup>nd</sup> GLOBALCON program features a prestigious line-up of industry speakers such as Susan Howley, Midwest Area Environmental Manager, Kraft Foods Global, Inc. speaking on "Kraft Foods Sustainability Initiatives", Robert Powelson, Commissioner, PA Public Utility Commission on "Update on the New World of Electric Rates", and Craig White, President & CEO, Philadelphia Gas Works discussing "Energy Insights".

GLOBALCON features a Northeast Green showcase of technologies to help commercial, industrial, and institutional customers save on their energy costs, upgrade their facilities with innovative solutions, and implement new or retrofit construction projects which will drive the new green job economy. The expo will be green by the donation of Renewable Energy Credits (RECs) courtesy of GDF Suez, a Northeast Green sponsor.

GLOBALCON is the region's largest energy efficiency conference and exposition and addresses new advances in energy efficiency, energy management, high performance buildings, renewables and power management technologies. Subjects include: energy policy, high performance buildings & rating systems, climate legislation, renewable energy technologies, natural gas development, demand response and alternative fuel vehicles.
