

## **ASSOCIATION OF ENERGY ENGINEERS**

### **AEE CHAPTER WEBINARS**

AEE offers a series of chapter webinars that focus on providing information helpful to chapter leaders. *\*See below for a list of some of our previous webinars.*

We invite chapters to suggest topics of interest and speakers for future webinars and/or to volunteer to lead a webinar on a particular subject. The goal is to present information that is timely and constructive, and chapters know best what these topics would be.

AEE chapter officers receive email notifications regarding upcoming webinars with the opportunity to register for each event. However, anyone interested in the operation of a chapter is welcome to attend. Webinars are recorded and are available via email request.

**\*Titles of previous webinars:**

Marketing for AEE Chapters

AEE Member Benefits

Member Interest Surveys as the Basis for Chapter Meeting Topics

AEE Strategic Updates & Chapter Training Insights

Managing Remote Meetings

Negotiating a Meeting Venue
