

Grow your Knowledge and your Network

Reach Further.

The Energy Managers Society (EMS) will help you reach further, by growing your knowledge and network, and connecting you with like minded individuals throughout the energy management profession.

EMS's mission is to assist its members to improve the practice of energy management, through newsletters, publications, events, and meetings. As an EMS Member you will receive:

- Recognition of your status — An EMS Certificate
- Quarterly Institute of Energy Mangers Digest focusing on "Best Practices"

EMS will play an active role in the industry by sponsoring key events, publications, and organizations, such as:

- Sponsorship of "Energy Managers Summit: Challenges for the Future" at the World Energy Engineering Congress
- Co-Sponsorship of the AEE Journal "Strategic Planning for Energy & the Environment". The journal will include case studies of leading edge energy management programs
- Co-Sponsorship of the Energy Managers Hall of Fame, developed by the Energy Management Professionals Council (EMPC)

"As a working Energy Manager for Thomas Jefferson University, I know the challenges facing energy managers today. Through the EMS, members will be better equipped to deal with the multitude of barriers they face."

Randy Haines
EMS Chairman

Don't Miss this Opportunity to Become a Member!

EMS Membership is available to all AEE Members. Chartered Membership is available until April 30, 2015. AEE Members who join EMS will receive all the benefits of AEE and the EMS Society.
