

Certifications

Get Certified & **Excel**

AEE has been at the forefront of energy management and energy efficiency for over 40 years. We have implemented energy certification programs, defined by industry experts, that have helped more than 30,000 professionals gain recognition for their technical knowledge and industry expertise. Our programs are recognized globally by local, state and federal governments, as well as by Fortune 1000 companies, corporations, utilities, energy service companies, and business professionals and engineers like you.

Accredited & Recognized

The Certified Energy Manager (CEM) and Certified Energy Auditor (CEA) programs are accredited under ANSI/ISO/IEC 17024 for Personnel Certification Bodies, and by Entidad Nacional de Acreditación (ENAC) to international standards. They are also U.S. Department of Energy Better Buildings Workforce Guidelines Recognized Programs. Many other AEE training programs are also approved for CEUs from bodies such as the American Institute of Architects, Building Owners and Manager Institute, and the U.S. Green Building Council.
