Attendee Satisfaction

91% rated the conference as **good, very good or excellent.**

The caliber of conversations and shared insights at AEE East reminded me that realinnovation happens when passionate minds come together.

84% rated the quality of instruction as **good, very good or excellent.**

The event was well organized and the convention center was first class. There were many break-out sessions and I got information to immediately deploy with customers.

85% learned **new skills, and gained knowledge** they can apply to their job.

A fantastic hub for staying current with the latest technologies and trends in the building energy industry.

79% said that networking opportunities were **good, very good or excellent.**

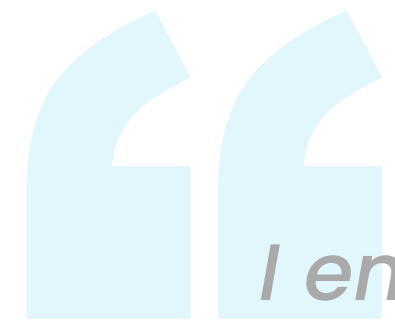

The networking and learning opportunities exceeded my expectations. I will be at the next one!

73% were **inspired** to make changes at work.

Technology Expo

Great opportunity to have hands-on experience with new technology.

I enjoyed talking to the different vendors at the technology expo.

The technology expo featured top energy efficiency related companies!

81%

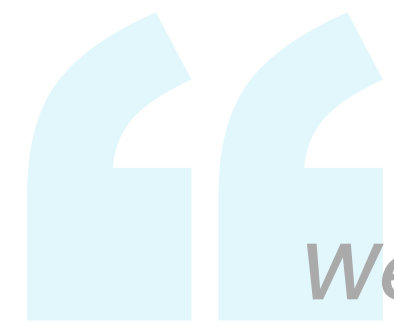

of attendees rated the expo as **good, very good or excellent.**

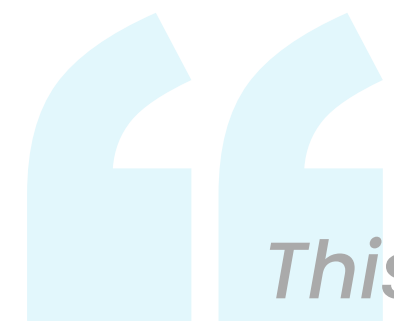

Exhibitor Experience

Sometimes the exhibit area can be dead on the last day of a show, BUT to my surprise, I still had folks stopping by.

We had good conversations, people wanting to know what we do.

This show had several ideal attendees, like building owners/operators and consulting engineers as well as a good mix of people attending.
